In continuation of this office letter No. 2[illegible] dated [illegible] regarding notified lands of Pimpla Saudagar and Ajantha Village Taluk Ajantha District Aurangabad for the Excavation of Earth for the repair of an Irrigation channel I have the honour to state that it will be most convenient to transfer along with the occupancy of the lands subject to the payment of Land Rev and Cess. It appears from the correspondence that the Compensation of Rs. 16 & odd was fixed for payment of price to owners, and if the land is required permanently free of land Rev an additional Sum will be required for payment to the State in redemption of Land Rev & local Cess which will take time to settle and be effected upon requisition of the Madras Govt through the Residency. It may possibly involve also a reference to the Govt of India - under such circs if the Collector of Aurangabad is willing to take up the lands with all rights of occupancy subject to the Annual Revenue & Cess I am to ask you to make over the Same to him permanently. If after the above explanation he still desires to want the lands free of Revenue & Cess

Such of redemption raises a very wide question for which no precedent exists and its settlement

Sir,

With reference to your letter no 1580 of the 15th instant, I beg to state that it was thought that you only wanted the occupancy right. Its value was accordingly settled at Rupees 164 Subject to the payment of the land-tax till the land remained in your possession. But if as you now say, you want the field to be given over permanently to the British Government I will have to submit the matter to my Government for orders.

With reference to your letter No 236 dated 12.12.93, I have the honor to state that out of 74 acres of land that will be submerged as water spread of the Akkampalli tank when repaired, acres 55-27-4 are ryots' holdings and the remainder (acres 18-12-K) Government anjacut waste. Of the 55-27 an extent of 48-27-12 is valuable dry into wet lands. The ryots demand for this latter portion a compensation of Rupees 100 per acre and for the rest Rupees 50-0-0. This is the ryots' share of compensation.

This amount was originally agreed upon by the Tahsildars of Kindoorpur and Paragada Taluks.

of Rupees 24-1-- per annum in the shape of assessment owing to the transfer of these lands (acres 55-27-4) inquestion to the Mysore Government and for the Government ayacut waste of acres 18-12-12, Rupees 8-1--. Thus the transfer means a total annual loss of Rupees 32-6-- to the Government. To redeem the land assessment and to render the whole extent of 74 acres a freehold under this Government, 25 times the assessment is chargeable under Boards standing order no 36: this is only as regards the tenure of land for Surface cultivation. This redemption does not however include general local and municipal taxes to which the lands continue to be liable incommon with other lands. But when the lands are permanently transferred to the Mysore Government the British Government loses its hold over them and for this loss additional compensation of 15 times the assessment is added. Hence the total Compensation under these heads amounts to Rupees 6513-12-- as detailed in the margin, Subject of course to the
